

Improving the Human-Horse Connection

In collaboration with renowned liberty trainer Linda j Salinas and her [True Connection Horse Academy](#), the Equi-KIT is an optional and valuable addition to the series Show Up, Go Blank, and Go Live.

The Equi-KIT helps students understand their personality and communication style so they can be more effective in establishing a true connection with their horse.

This exceptional program is offered only to students of True Connection Horse Academy and requires a password to go further.
